REPORT

OF THE

COMMISSIONER OF INLAND REVENUE

ON THE

INSPECTION OF WEIGHTS AND MEASURES, GAS AND ELECTRIC LIGHT

To the Honourable
The Minister of Inland Revenue.

SIR,—I have the honour to submit herewith my annual report on the inspection of weights and measures, gas and electric light, with the usual statements in connection therewith, for the fiscal year ended June 30, 1900.

1. The total revenue collected during the year for the inspection of weights and measures was \$53,635.04, as against \$48,453.95 collected during the year ended June 30, 1899.

2. The total expenditure was \$68,707.55, as against \$63,643.31 expended during the year ended June 30, 1899.

3. Appendix "A" gives a summary statement of the receipts and expenditures of each inspection division.

4. In Appendices "B," "C" and "D" will be found a detailed statement of weights, measures and weighing machines presented for verification, verified and rejected during the year. The number of all descriptions may be summarily stated as follows:—

	Presented.	Verified.	Rejected.	Percentage of Rejections.
Weights, Dominion	68,471	67,731	740	1·08
Measures of capacity, Dominion	80,070	79,805	265	0·33
Lineal measures	6,221	6,087	134	2·15
Balances, equal arms	13,838	13,483	355	2·56
" steelyards	4,231	4,091	140	3·30
" platform scales	32,123	31,093	1,030	3·20
Troy weights	21	21
Irregular weights	4,890	4,672	218	4·45
" measures	661	661

INSPECTION OF GAS.

5. The total revenue collected during the fiscal year ended June 30, 1900, for the inspection of gas and gas meters, was \$21,106.75, as compared with \$18,617.00 collected during the year ended June 30, 1899.

6. The total expenses were \$22,706.16, as against \$20,029.28 expended during the year ended June 30, 1899.

7. Appendix "E" gives a summary statement of the receipts and expenditures of each gas inspection district.

8. A statement of the illuminating power and purity of gas inspected during the year will be found in Appendix "F."

9. The illuminating power, where inspection has been made, has been as follows:—

SESSIONAL PAPER No. 13

The revenue derived from the inspection of electric light was as follows:—

Fees for inspection of meters, &c.	\$ 9,824 25
Registration of companies	4,592 50

	\$ 14,416 75
The expenses of inspection (annual).....	3,718 32

	\$ 10,698 43
Expended on standard instruments, &c.	959 41

Leaving a net revenue of.....	\$ 9,739 02

It will thus be seen that the two services of gas and electric light inspection, which are conducted largely by the same staff of officers, have now reached that point at which they have ceased to be a burden upon the general taxpayer, as shown below:—

Service.	Revenue.	Expenditure.
	\$ cts.	\$ cts.
Gas.	21,106 75	22,706 16
Electric light.	14,416 75	3,718 32
Exclusive of cost of standard instruments.....	35,523 50	26,424 48

The kindred service of weights and measures inspection, it will be observed, has earned somewhat over three-fourths of its annual cost, the expenditure as already stated having been \$68,707.55, against a revenue of \$53,635.04.

In view of the fact that three-fourths of the cost is contributed directly by the trading community, it is felt by the department that the general taxpayer, who is guaranteed, thereby, just weights and measures in all his dealings, should not complain in that he is called upon to contribute the remaining fourth.

I have the honour to be, sir,

Your obedient servant,

EDWARD MIALL,

Commissioner.

INLAND REVENUE DEPARTMENT,
